Grounds provided by  
Southwest  
Florida Marine Industry  
Association

Join us for this wonderful event.  
Experience hands-on boat  
building with the help of  
professional boat builders. Over  
two-and-a-half days, up to 20  
teams of five people each build  
a 12-foot Bevins Skiff .

Registration fees will cover  
all tools, materials and  
professional instruction. The  
teams return home with their  
very own skiff.
