Re: Public Records Request pursuant to Chapter 119 Florida Statutes.

Dear Ms. Helen Smith, Florida Department of Health, Lee County

This public records request is submitted on behalf of myself, John Cassani.

Pursuant to to Chapter 119 Florida Statutes please provide me with copies of the following documents:

Any records from January 1, 2004 to June 10, 2017 containing information on algae or algal toxins from the Caloosahatchee River (C-43 canal) with respect to the Lee County Olga Water Treatment Plant or any records containing information on algae or algal toxins for PWS permit number 5364048.

Pursuant to Florida's public records law, please provide me with these documents in their original electronic version or as PDFs, or if no electronic version is available as a paper copy. I may choose to inspect paper copies at your office.

Please email me as soon as the documents are located at jcass927@gmail.com.

I am aware that if my request is denied I am entitled to know the specific grounds or statutory exemption claimed as the basis for withholding any specified categories of exempted information. You are required by law to release any portions that are left after the exempted material has been redacted from the data I am seeking.

Thank you for your prompt attention to this matter of public concern, I have copied my attorney on this message.

Sincerely,

John Cassani
