

Waterkeeper Alliance will fight every effort to destroy longstanding clean water protections.

[View this email in your browser](#)

Dear Friend,

Last week, President Trump signed an executive order directing his administration to take a series of actions - long sought by industry - that will allow uncontrolled discharges of toxic pollution into our nation's waters.

It's clear: the Trump administration is trying to eliminate 45 years of Clean Water Act protections for human health and the water quality of rivers, streams, lakes, and wetlands. Removing these protections will endanger the public and will degrade and destroy our nation's fisheries, water supplies, recreational waters, and coastal waters.

Waterkeeper Alliance and Waterkeepers across the country have a long history of protecting the Clean Water Act and the water bodies it protects:

- Puget Soundkeeper has won [more than 150 legal victories under the Clean Water Act](#), resulting in many water-quality-protection measures.
- 20 years after a Clean Water Act lawsuit brought by Chattahoochee Riverkeeper, the river is [cleaner than anyone can remember](#).

- San Francisco Baykeeper has successfully [reduced the amount of sewage](#) spilled into the Bay using the Clean Water Act.
- [And more!](#)

But the Clean Water Act is under attack and we can't continue our work without your support.

[Your gift today](#) will help Waterkeeper Alliance fight every effort to destroy longstanding clean water protections. We were founded to ensure that laws are enforced and health of communities are protected. We will not back down to industry pressures, and we will not sit idly by while polluters attempt to take control of our government.

Working together we can speak with one powerful voice and act as one powerful force. Please [help us fight for clean and safe water for all](#). Take action now. [Provide your most generous gift today](#).

To clean water,

A handwritten signature in black ink, appearing to read 'Marc Yaggi', with a stylized, cursive script.

Marc Yaggi
Executive Director
